Heating Assistance: November through March are the coldest months in Interior Alaska, where temperatures can drop to below -60 degrees, although it starts getting a chill in the air around end of August and continues through May and beginning of June. Tanana Chief's Conference will provide wood and oil throughout the Fiscal Year 2020. Cooling Assistance: Only 1% of funding set aside to assist Elders and vulnerable population in each village as the temperatures can reach 90 degrees, which is dangerous without help. Crisis Assistance: This will be utilized on a case by case basis, throughout most of the fiscal year, with direction from the Tribe to eligible households, serving vulnerable populations first and foremost. Weatherization Assistance: Available to eligible households throughout most of the year, they have to request it on their initial application for energy assistance.

Once funding is confirmed Energy Assistance applications are first mailed out two weeks prior to Elders, Disabled, and to households with young children. As Energy Assistance applications are received we screen each application for Elders, Disabled and young children living in the household. Vulnerable household applications are placed ahead of all other non-vulnerable households' applications during the entire application period.

For crisis situations where an original grant award benefit has not been given, an Energy Assistance application is required to be completed. No more than 100 gallons of fuel or 1 cord of wood will be approved until income has been verified. If after the original grant award benefit is exhausted and the home faces a heating crisis or electricity disconnect additional assistance up to 25% of the original grant will be paid to household's vendor. If there is a supply shortage by exhaustion of bulk fuel storage, natural disaster or vendor mismanagement, additional payments will be made if no other agency will provide for the applicants energy and fuel sources needed and transportation cost. The maximum amount payable will be 50% of the original grant award.

Households consisting of an Elder (at least 60 years of age), Disabled (certified, debilitating medical condition) and very young children (under the age of 6) will be prioritized for crisis assistance services. All Tribal offices in the Villages have toll free contact numbers to the manager and intake specialist for LIHEAP public comment access throughout the year.

**11.2 What changes did you make to your LIHEAP plan as a result of this participation?**

We have taken off the SSI and SSA income to determine eligibility, so this no longer is counted. **11.4. How many parties commented on your plan at the hearing(s)?** 3

**11.5 Summarize the comments you received at the hearing(s).**

1. There was a comment made about the need for baseboard heating elements to be covered by weatherization. We never had this request before because most of the Tribes have Toyo stove or wood stoves, or both. According to our plan this should be covered. 2. There was a good response from the fans...
for the Elders in the villages and that we should continue with a small portion of EA dedicated to cooling. It was an extremely hot summer again for the Interior of Alaska with the temperature in the high 80's most of the time.

3. A request was that there needs to be more individuals in Northway village that can provide wood rather than just the company wood vendor from Tok. We determined that was allowable with Tribal approval.

11.6 What changes did you make to your LIHEAP plan as a result of the comments received at the public hearing(s)?

Will provide base board heating elements, amount based on eligibility.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
